Farm Match

Write the letter of the image under the matching description.

Sprayers help farmers apply fertilizers and spray their crops to help control weeds and bugs.

A **combine** is one of the largest machines on a farm. Farmers all over the world use these giant machines to pick or harvest their crops.

A **tractor** is one of the most important and useful vehicles on a farm. In fact, most farmers own more than one. Some even use satellite technology and computers in the cab.

A **planter** is a piece of farm machinery used to plant seeds in a field. Planters can be 48 field rows wide!

A **grain cart** is filled up with harvested corn or soybeans during harvest, and is usually pulled by a tractor.

A.

B.

C.

D.

E.

Maize Maze

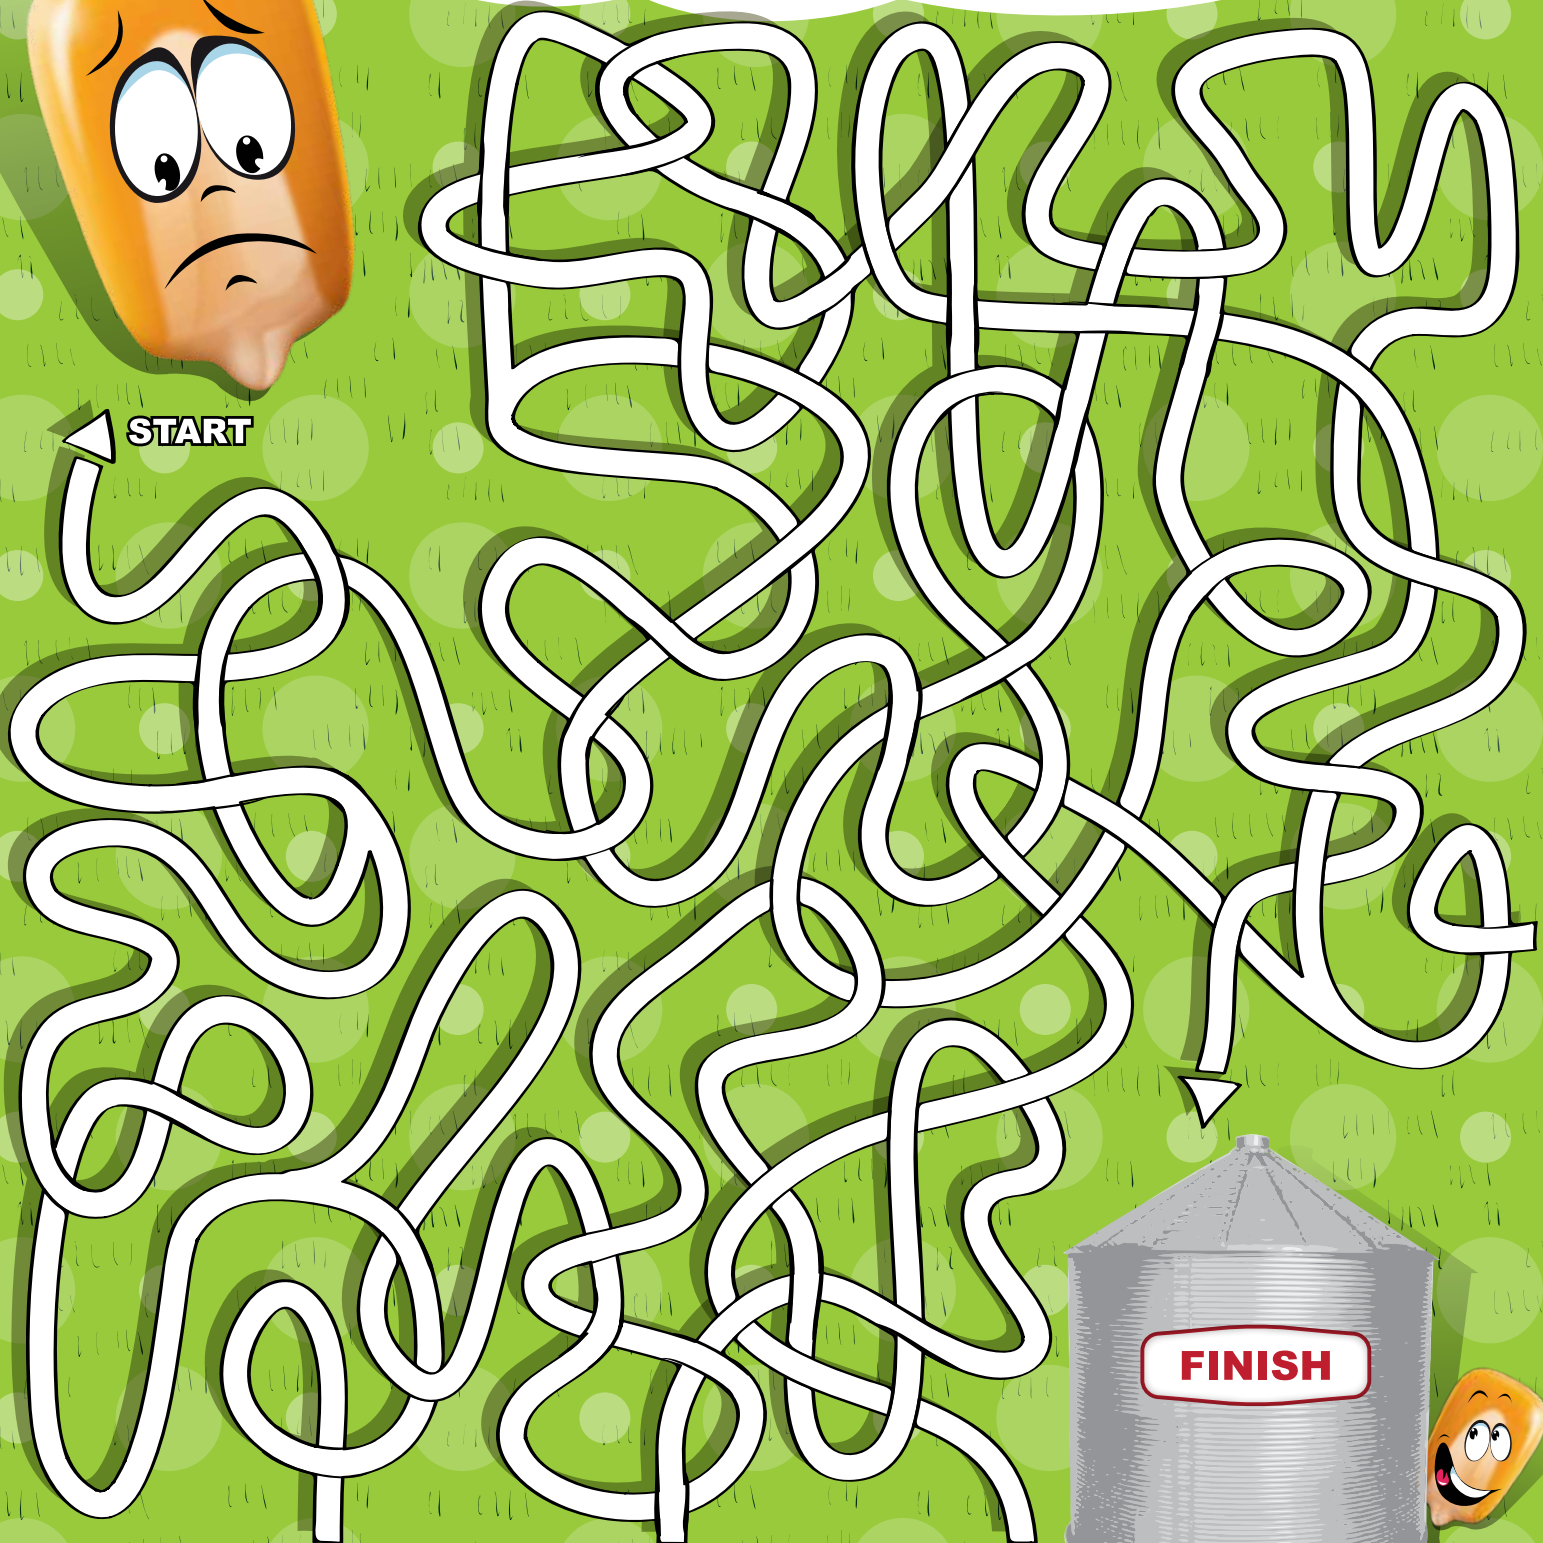

Our kernel is lost! Help him get home to the grain bin.

Did you Know?

"Maize" is another name for corn from Spanish: *maiz*. It was domesticated by indigenous peoples in Mesoamerica in prehistoric times. Yup, people have been growing corn for thousands of years!
